

Turnitin

Turnitin is a plagiarism detection tool available to UMass Amherst instructors within Blackboard Learn. View specific instruction pages below, or the [Instructor User Manual](#) compiled by Turnitin. For information on plagiarism prevention and Academic Honesty at UMass Amherst, see the [library Turnitin page](#). GradeMark is a grading and document mark-up tool bundled with Turnitin, and also available to instructors.

Detect plagiarism in student work

- Create Turnitin assignment
- Settings for Turnitin as plagiarism checker
- Replace Blackboard assignment with Turnitin
