

Grade Assignment Anonymously

Grading Assignments Anonymously

From the Needs Grading Page:

1. From the Needs Grading page, click on the Assignment's Action Link and select **Grade with User Names Hidden**.
2. All identifying student information is removed and students appear as "Student1", "Student2", "Student3", etc.

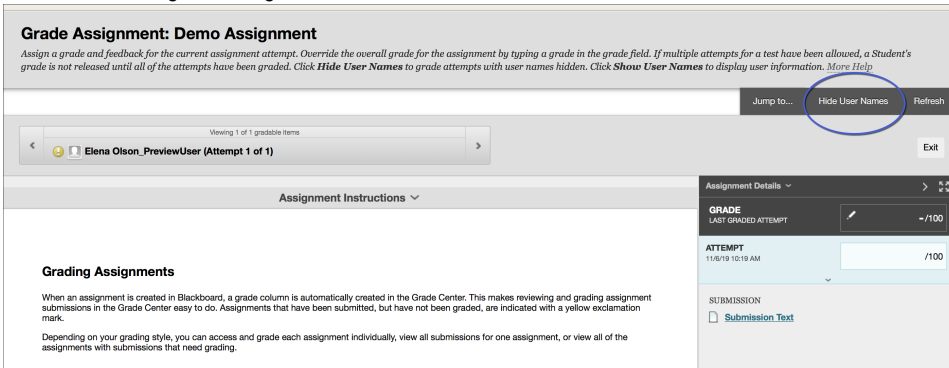

From the Full Grade Center:

1. From the Assignment's column in the Full Grade Center, click on the Assignment's Action link and select the submission attempt.

2. On the Grade Assignment Page, click **Hide User Names** on the Action Bar.

All identifying student information is removed and students appear as "Student1", "Student2", "Student3", etc.

*Note: To show student information again, click **Show User Names** on the action bar.*

Grade Assignment: Demo Assignment
*Assign a grade and feedback for the current assignment attempt. Override the overall grade for the assignment by typing a grade in the grade field. If multiple attempts for a test have been allowed, a Student's grade is not released until all of the attempts have been graded. Click **Hide User Names** to grade attempts with user names hidden. Click **Show User Names** to display user information. [More Help](#)*

Assignment Instructions

Grading Assignments

When an assignment is created in Blackboard, a grade column is automatically created in the Grade Center. This makes reviewing and grading assignment submissions in the Grade Center easy to do. Assignments that have been submitted, but have not been graded, are indicated with a yellow exclamation mark.

Depending on your grading style, you can access and grade each assignment individually, view all submissions for one assignment, or view all of the assignments with submissions that need grading.
